## Titus 2 Residential Program for Women

“Go Ye...” Ministries Worldwide, Inc. launched the Titus 2 Residential Program for Women in Atlanta, Georgia in August 2007. The program is held at the *Chateau de Repos et Benediction*, which means *house of blessings and rest*.

*The Chateau de Repos et Benediction*

What started as a dream in the Ukraine, five years ago, God made a reality. God confirmed His will for this program when Pastor Belynda met Devi Titus in 2004; when He provided the Chateau in July 2006; and when He allowed Pastor Belynda to talk the dream through with Devi in October 2006.

Participants receive the book, ***The Home Experience*** by Devi Titus and Marilyn Weiher, along with additional materials.

The Bible tells us in Titus 2 that the older women should help the younger women. This

help should teach them how to love and obey their husbands, love their children, how to be discreet, chaste, homemakers, etc. Our program helps women manage a life of purpose God's way. They learn biblical principles, participate in cooking lessons, learn decorating tips and tips on making the

King feel like a King and much more. It is a four day intensive program—Wednesday to Saturday. There are only six spaces available in each program. The program is open to brides-to-be, newly weds, leaders of women's ministries and anyone else wanting to experience a metamorphosis.

## Titus 2 Program, Launch, August 2007

There was excitement in the air! The Extra Mile Servers were making sure that the rooms were very inviting; that everyone would notice the special welcome touches the moment they entered the Chateau.

The Extra Mile Servers picked up the participants at the airport; gave them a history lesson about Stone

Mountain, on the way to the Chateau. It was a hot day in August when our first Titus 2 Program participants arrived. It didn't matter how hot it was, they sat on the veranda for some chill time. After being oriented to the Chateau, the first session began.

relationship building time was incredible. The final ceremony was superb according to the participants. The participants received completion certificates prior to departing to practice what they learned.

From start to finish, God was all in the program. His presence was felt in the anointed teaching from Pastor Belynda, Deaconess Alberta McKay, and Sister Evelyn Gainous.

In addition to biblical instruction, there were two hands on cooking lessons with Nicole Johnson and Pastor. Participants also received decorating tips, and the

## Highlights—Titus 2 Program, December 2007

After the initial program in August of 2007, we made enhancements to the program and the Chateau based on feedback from the program participants and those we felt would make the participants stay even more memorable. Each suite has its own Extra Mile Server assigned to ensure that all participants' needs are met and exceeded.

It was indeed memorable for the participants. Out of all the biblical principles that are taught, the participants in all program sessions have indicated that the **Table Principle** is one of their favorites.

This session was held at the beginning of December, so participants got tips on making several holiday centerpieces. Each session would not be complete without a trip to *Hobby Lobby*.

Wow! Can you believe it, it had been almost a year since we launched the first program. We had a full house for this session. This group bonded right away and there was just an incredible

connectedness among them.

The participants got to see each principle in action which made it more doable. They understood, that you don't need a big country

house or a mansion to honor God with your home. No matter how large or small your house is,

you can make it a **home God's way.**

The participants in this session have held two gatherings since the program at which they have invited not only the program participants, but the Extra Mile Servers and Pastor Belynda.

Of special note is that two of the participants have served as Extra Mile Servers for another program that "Go Ye..." offers as a community outreach to teen moms.
